

# National Volunteer Week is April 10-16. Thank You, AAPM&R Volunteers!

In celebration of National Volunteer Week, we would like to acknowledge and applaud the hard work and dedication of all Academy volunteers.

## You:

- Offer **your talents** as committee members, faculty members, Council leaders, liaisons to external organizations, task force collaborators, peer reviewers, and representatives at roundtable meetings.
- Volunteer **your time** to define and advance the specialty, strengthen our Academy, educate the public, and affect legislation.
- Contribute **your expertise** with practice management, health care advocacy, research, public awareness, and education development.

We wouldn't be where we are today without your help. You are what ties all Academy resources, services, and events together. **Thank you for your commitment!**

Interested in giving back to your Academy and the PM&R specialty? By volunteering, you receive valuable networking opportunities with peers, gain unique insight into the Academy community, and stay current with specialty-related advancements. We encourage you to explore current volunteer opportunities on the AAPM&R website at [www.aapmr.org/volunteers](http://www.aapmr.org/volunteers).

Your Academy.  
**Powered by Volunteers.**
